THE BEST KIND OF TRAIL IS
ONE THAT LEADS YOU TO
NEW AND EXCITING PLACES.

The Arts Trail in Prince Edward County is like that. Come, follow a trail that leads you to 22 artists, artisans and galleries dotted around this beautiful island. They say artists are attracted to islands, and the County is home to a vibrant creative community. The Arts Trail is a journey of discovery to the studios of painters and sculptors, potters, blacksmiths, glassblowers and jewellery makers, stained and fused glass artists and a photographer who still prints by hand, plus fourteen multi-artist galleries. Travel the Arts Trail at your leisure. You'll find beautiful artworks and a warm welcome at every stop.
